Brac University Faculty Profile

House 66, 68, 70, Road 3, Aftabnagar A Block, Dhaka - 1212

sifattanvirsami@gmail.com

Personal Portfolio

Education

M. Sc. in CSE

Brac University, Dhaka, Bangladesh
Expected Completion by May 2026
CGPA: 3.57

B. Sc. in CSE

Brac University, Dhaka, Bangladesh
2017-2021
CGPA: 3.93

Skills

Tech Stack

Front End
HTML, CSS, JS, Bootstrap

Back End
Python-Django, Java-SpringBoot

Database
MySQL, PostgreSQL, SQLite3 (Python Built-in), Room (Android Jetpack)

Android
Kotlin-Gradle

Softwares and Applications
Power BI (Data Modeling and Visualization), Google Workplace Apps, Microsoft Office, Canva (Graphic Design), CRM, Jira, Overleaf (LaTeX)

LLM Systems & Applied AI

RLHF, Prompt Engineering, LLM Finetuning, Data Science, Model Evaluation, Vibe Coding

Language Proficiency

English: Fluent
Bengali: Native
French: Conversational

Interpersonal

Public Speaking, Critical Thinking, Teamwork, Leadership, Emotional Intelligence, and Conflict Resolution

Certifications

- Passed Level-1: IT Passport Exam (IP) of ITEE
- Completed the workshop on "Outcome-Based Education and the Teaching Learning Process", organized by the Department of CSE, BracU.

Projects

LLM Compression (Python/bert-base-uncased)
Android Game (Kotlin/Android Jetpack)
Webgames
E-Commerce Website

Professional Experience

LLM Python Developer (Full-time) — October 2024 - Present

Turing Inc., San Francisco, CA, United States
Prompt Engineering, Model Evaluation, and Finetuning: Google Gemini
Testing and Debugging: Google Gemini
RLHF and RLEF: Google DeepMind
Android App Development: Android Studio/ Inspect AI
Web Development (Webgames): Microsoft Vibecoding

Adjunct Lecturer (Part-Time) — May 2021 - August 2026

Brac University, Dhaka, Bangladesh

Courses Taught:
Data Structures, Algorithms, Programming Language Basics, Object-Oriented Programming, Programming for the Internet, Database, and Software Engineering.

Other Services to the Department:

- Co-supervised 7 thesis/research groups, published 4 research papers.
- Created centralized study materials for Data Structures and Algorithms.

Advanced AI Trainer (Part-time) — October 2024 - June 2025

Invisible Technologies Inc., San Francisco, CA, United States
Constitutional AI Evaluation: Google Magi
Model Response Evaluation, Factuality, and Grounding Analysis: Google Magi

Web Developer (Full-time) — October 2023 - August 2024

CodersTrust Bangladesh

- Took Web Development classes.
- Conducted multiple ToTs for government projects.
- Maintained the company website.

Thesis Supervision and Research

Total Number of Publications: 7
Number of Papers Led as Primary Author: 4
Total Citations: 39
Conference Publications Across Countries:
Malaysia (IICAIET), Fiji (CSDE), Thailand (JCSSE), Bangladesh (ICCIT), India (ICICT), France (Accepted)

Notable Publications
Player Optimal Positioning Analysis Using FIFA Video Game Data and Classification Models
An Analysis of Audio Classification Techniques using Deep Learning Architectures
Unique Approach to Detect Bowling Grips Using Fuzzy Logic Contrast Enhancement
Lung Cancer Detection Using Machine Learning Methods

Achievements

- Obtained the **Best Presenter Award** at the **2023 20th International Joint Conference on Computer Science and Software Engineering (JCSSE)**
- Received 50-75% Performance Based Scholarship, depending on CGPA
- Jointly Obtained the IEEE Regional Exemplary Student Branch Award (2020)
- Served as the Chair of IEEE Computer Society Brac University Student Branch Chapter
